## Pails

Pails are simple, durable, and highly portable storage for all kinds of liquids, powers and even miscellaneous parts. New pails from PlasticWorks are food-grade and stocked in quantity every day. Small pails are supplied with a tear-tab gasket lid, while large pails are priced separate for the pail and lid (choice of gasket or spouted). We also carry a smaller stock of colored pails in 20 L size and also smaller mixing container-type pails.

20 Litre	Colors Round	Gasket Tear Tab, Spouted
32 Litre (8 Gallon)	White Square	Tear Tab - Hinged Open Lid

## Protective Packaging

Protective packaging is another new product area at PlasticWorks. We have access to a large range of coatings and films that can be used to keep your product or workspace clean and scratch free. We have provided solutions for protecting sheet metal from scratches, covering windows from overspray, coating bathtubs for shipping, and re-masking acrylic sheet. We can also find the right solution for your work!

# Bags

Conveniently packed, available in a size to fit nearly anything, Bags from PlasticWorks are made with quality, virgin materials and are sold food-grade. We have a huge stock of zip-seal bags, each of which has a hanging hole pre-punched for easy merchandising of your product or parts. In our plain poly bags, we have everything from light duty produce bags to heavy duty ore bags to huge drum lining bags. Plus, we can order other sizes by the case, or even have bags custom made to fit your needs!
